Item 3. Source and Amount of Funds or Other Consideration

The purchase of the shares of Common Stock by the Reporting Persons was financed through working capital of The Snyder Trust. No funds or other consideration were borrowed or obtained for the purpose of acquiring the Common Stock.

Item 4. Purpose of Transaction

The Reporting Persons originally acquired, and continue to hold, the Common Stock reported in this Schedule 13D for investment purposes. Since acquiring Common Stock the Reporting Persons have conducted discussions and a frank exchange of views with certain members of the Company’s board of directors and certain officers of the Company concerning the Company’s ongoing strategic review process announced on June 6, 2019 (the “Strategic Review”) and the Company’s recent adjustment to accounts receivable on July 23, 2019 and August 9, 2019 (the “Accounts Receivable Adjustments”).

On December 23, 2019, the Reporting Persons delivered a letter to the Board of Directors of the Company (the “Just Energy Board”). In the letter, the Reporting Persons noted the substantial passage of time since the announcement of the Strategic Review and conveyed their view that such indeterminate state of affairs is not helpful to the Company’s business, management or stockholders. Moreover, the Reporting Persons observed that delays in the conclusion of the Strategic Review had unhelpfully deferred by the Company’s stockholders as to key future considerations relating to the Company’s organizational independence (including the composition of its Board of Directors and senior management, key areas of ongoing business focus, capital priorities, etc.). Further and among other statements, the Reporting Persons communicated its view — and has asked other major stockholders of the Company to independently communicate their respective views to the Company’s management, advisors and/or Board members — that the Strategic Review process should be concluded as soon as reasonably possible.

Following upon this recent letter to the Company’s Board of Directors, the Reporting Persons will continuously assess the Company’s Strategic Review, business, financial condition, results of operations and prospects, general economic conditions, the securities markets in general and the Common Stock in particular, other developments, other investment opportunities, and its current strategies to enhance and maximize shareholder value.

Depending on such assessments, the Reporting Persons may acquire additional Common Stock or may determine to sell or otherwise dispose of some or all of the Common Stock presently held by Reporting Persons in the open market or in private transactions. Such actions will depend on a variety of factors, including, without limitation, current and anticipated future trading prices for the Common Stock, the financial condition, results of operations and prospects of the Company, alternative investment opportunities, general economic, financial market and industry conditions and other factors that the Reporting Persons may deem material to these investment decisions. The Reporting Persons reserve the right to change their intention with respect to any or all of the matters required to be disclosed in this Item 4.

Although the Reporting Persons had no plans or proposals at the time of the various purchases and do not have any particular plans or proposals at present, the Reporting Persons have conducted extensive informational discussions with other significant stockholders of the Company regarding the Strategic Review, the Accounts Receivables Adjustments and other recent events involving the Company, its leadership and future direction. The Reporting Persons have communicated with other significant stockholders of the Company their intention to monitor the Strategic Review with a view towards other potential courses of action regarding their investment in the Company, contingent upon the outcomes of the Strategic Review, with particular focus upon its business, direction and appointed and/or elected leadership.

The Reporting Persons intend to review their investment in the Company on a continuing basis and may further engage in communications with and/or express their views to and or/meet with management, the Company’s board of directors, one or more other shareholders, officers of the Company or third parties, including potential acquirers, service providers and financing sources, and/or formulate plans or proposals regarding the Company, its assets or its securities, and may take other steps seeking to bring about changes to increase shareholder value. Such proposals or positions may include one or more plans that relate to the Company’s business, management, capital structure and allocation, corporate governance, board composition and strategic alternatives and direction. During the course of such communications, the Reporting Persons may advocate or oppose one or more courses of action.

Item 5. Interest in Securities of the Issuer

(a) The Snyder Trust may be deemed to beneficially own 13,972,501 shares of Common Stock, representing approximately 9.3% of the outstanding shares of Common Stock. Mr. Snyder, as sole trustee of The Snyder Trust, may be deemed to beneficially own in the aggregate 13,972,501 shares of Common Stock, representing approximately 9.3% of the outstanding shares of Common Stock. These percentages are based on the 149,595,952 shares of Common Stock issued and outstanding on March 31, 2019, as reported in the Company’s Amendment No. 3 to Form 40-F, filed on August 20, 2019.

(b) The Snyder Trust has sole voting and sole dispositive power with respect to 13,972,501 shares of Common Stock and shared voting and shared dispositive power with respect to no shares of Common Stock. Mr. Snyder, as sole trustee of The Snyder Trust, has sole voting and sole dispositive power with respect to 13,972,501 shares of Common Stock and shared voting and shared dispositive power with respect to no shares of Common Stock. Mr. Snyder disclaims beneficial ownership of the shares held of record by The Snyder Trust except to the extent of his pecuniary interest therein.

23 December 2019

To the Board of Directors of Just Energy Group Inc:

You will each recall that Just Energy Group Inc. (the “Company”) on June 6, 2019 announced that its Board of Directors had decided to undertake a formal review process to evaluate strategic alternatives available to the Company (the “Strategic Review”).

At such time, the decision of the Board of Directors to undertake this Strategic Review was said to follow upon the receipt “of expressions of interest from a number of parties concerning potential transactions involving the Company.” Tellingly, the Company also then declared its expectation that the Strategic Review was not expected to have an impact on either the customers, suppliers or employees of Just Energy or its operations.

However, more than six months have passed since the onset of the Strategic Review, without any specific guidance since from the Company as to the state of this initiative. And it is my strong view that the lack of updates from the Company concerning this endeavor, tied to a string of unwelcomed news announcements, has created an air of rampant speculation and negative assumptions within the its investor ranks that has ill-served both the Company and its stockholders.

More critically, I believe that this substantial passage of time without demonstrable progress with respect to the Strategic Review is now almost inarguably proving unhelpful to the Company’s business, management team and stockholders. The ongoing delay in concluding the Strategic Review – the outcome of which will prove a strong inflection point for the foreseeable future of our firm – has deferred much-overdue decisionmaking by the Company’s stockholders as to key future considerations relating to its governance and other organizational *bona fides* (including the composition of its Board of Directors and senior management, its key areas of ongoing business focus, capital priorities, etc.).

And I know that I am not alone among the Company’s stockholders in my concern with respect to such foundational matters.

While onlooking industry players have followed with lack of surprise the operational turmoil that has played out during 2019 within the Company’s business, it seems to the outside world that strategic direction at Just Energy Group in recent years has been lacking in both contemporary subject matter expertise and – even worse – economic alignment with stockholder interests. Indeed, the Company’s recent history retrospectively makes clear a dramatic disconnect between the operational & competitive realities of the Company’s served markets, on one hand, and the cumulative situational awareness of the Company’s various principal overseers on the other hand.

Thankfully and after limited diligence, my educated belief is that there is nothing wrong with Just Energy Group that cannot be remedied through the installation of industry-expert and invested oversight, a daily commitment to manage the Company for positive cash flow and a sharp focus on profitable operations: all while providing value for its customers.

In any case – and while I have not broadly canvassed the Company’s institutional stockholder ranks — you are generally aware that I have had limited conversations with a few other large common stockholders of the Company. As I believe from our talks that these holders generally share my concerns as to the state of the Strategic Review, I have asked certain of these stockholders to also if independently communicate to the Company’s management, advisors and/or Board members their independent and respective views that the Strategic Review process should be concluded as soon as reasonably possible.

Finally, know that I am transmitting this letter via electronic mail to Scott Gahn for forwarding to the other members of the Just Energy Board of Directors — but also that I stand ready to engage with the Company towards effecting the actions necessary towards dramatically enhancing stockholder value.

I remain

Sincerely,

/s/ Robert Lloyd Snyder
